

PRODUCT INFORMATION

Rectifier / voltage regulator for Hahn & Sohn HDE 14000 generator

Original rectifier and voltage regulator designed for Hahn & Sohn HDE 14000 diesel generators. It ensures stable charging of the starting battery and proper voltage regulation in the generator's electrical system. Made from durable aluminum alloy...

PARAMETER	VALUE
Category	Other
Weight	0.4 kg
Designed for	Hahn & Sohn HDE 14000
Type	Rectifier / voltage regulator
Material	Aluminum alloy
Input voltage	12-24 V AC (from stator)
Output voltage	12 V DC (regulated)
Connectors	2× white connector with wires (blue, red)
Cooling	Passive (ribbed body)

PARAMETER	VALUE
Compatibility	only for HDE 14000 and variants with the same stator

Data from Hahn & Sohn product documentation. Before selecting a model, confirm the intended application, configuration and operating conditions.
